

May 2017

To all of my patients at North Olympic Healthcare Network,

It has truly been my great pleasure and honor to serve as your physician in Port Angeles for the past six and a half years.

My husband has been offered a career opportunity at Iowa State University in Ames, Iowa and our family will be unexpectedly moving to the Midwest this coming July. This will allow my husband to further his career in agriculture research and it is ultimately necessary for our family to relocate at this time. The transition is bittersweet for our family as we love living in Port Angeles, and are sad to leave. I do not know where I will be working next but cannot imagine that I can find a clinic with better colleagues and patients.

North Olympic Healthcare Network has hired four new family physicians that will be starting over the next few months. They all have outstanding credentials and are warm and caring individuals. I know that they will provide excellent and compassionate care for all of the patients I am leaving behind. We will work to pair each of you with a new primary care provider that is suited to your unique personality and medical needs.

I want to thank all of you for allowing me to practice here, for entrusting me with your healthcare and for letting me play at least a small role in your lives. I will dearly miss living in Port Angeles and working for all of you at North Olympic Healthcare Network.

Sincerely,

Rienera Sivesind, MD
