

Dental Screenings on the Mobile Health Clinic

Friday
February 14

Boys & Girls
Club

1:00-2:30pm
Sequim

3:30-5:00pm
Port Angeles

NOHN Family Dentistry is expanding oral health access in our community by providing dental screenings on the NOHN Mobile Health Clinic.

- **Screenings* are open to all Boys & Girls Club members and include:**
 - Dental exam, oral health instruction, fluoride (optional), and a free dental kit
 - A written assessment of your child's oral health status and needs
- **How much does it cost?** If your child is insured, NOHN will bill their insurance. You will not be billed for services that are not covered. All services are provided at no cost to the patient/family.
- **Parents/guardians are welcome**, but not required.
- **If you prefer not to receive services**, no action is needed.
- **To register**, a parent/guardian must sign the screening consent form and return it to a B&GC staff member or email it to MHC@nohn-pa.org.
- **Questions?** Email MHC@nohn-pa.org or call (360) 452-7891 x3011.

* It is not treatment, just an exam to see if your child needs treatment. If your child needs treatment, NOHN can help you make an appointment at our dental clinic in Port Angeles.
